

Fishing, sailing, marinas, boat storage and maintenance in San Carlos, Sonora, Mexico

If you love to fish, sail, SCUBA dive, snorkel, kayak or just play around with your boat, San Carlos is the place to be!

Located at the middle latitudes of the Sea of Cortéz, the ocean environment just outside the San Carlos Marina and harbor is perfect for pretty much any type of on -- or under -- water activity.

Ocean life is abundant and diverse, and the relative lack of local sources of pollution assures divers and snorkelers that they will have excellent underwater visibility to see it!

For fishermen, San Carlos is paradise, with Dorado, Grouper, Blue Marlin, Black Marlin, Striped Marlin, Sailfish, Sierra, Snapper, Tuna, Yellowtail and Wahoo all legally catchable at some point in our fishing season.

Our weather is almost always good -- we average just a handful of days per year when there are any restrictions on the use of the harbor and marina -- so sailors and yacht owners can count on being able to go out anytime.

Should your boat require repair or maintenance -- or if you've decided to go ahead with those upgrades! -- the excellent marine mechanics and dry dock and boat storage facilities in San Carlos are sure to satisfy even the most demanding boat owner.

garysmarinesurveys.com

Gary's Marine Surveys in San Carlos has provided high quality boat inspections for decades!

Founder Gary Goldstein is the only USPAP accredited, SAMS, USSA and ACMS Marine Surveyor in Mexico! Gary's Marine Surveys can provide insurance condition and valuation surveys; pre-purchase and financial surveys including bank and estate appraisals; galvanic protection and bonding inspections and damage surveys.

Gary's surveys wood, fiberglass, steel and aluminum pleasure yachts and commercial vessels, power and sail. They can perform Marine surveys both in and out of the water, during sea trials, at dockside or in dry dock using high-tech equipment including digital moisture meters and digital ultrasonic hull inspection tools.

Gary's Marine Surveys has a Mexican Government Inspector and Adjuster Authorization number and maintains their own corporate aircraft -- they can be in any part of the Sea of Cortez in less than three hours!

Marina Seca

Dry Dock and Boat Storage
Carretera San Carlos Km 11.5
Telephone (011 52) 622 226 1061
marinasancarlos.com

The San Carlos Marina Seca (Dry Boat Storage) facilities offer very reasonable rates and feature hurricane resistance posts to prevent the "domino effect" in the event of rough weather, as well as covered storage for motor boats up to 32 feet.

They also offer storage for vehicles and single and double lockers for you to leave all your boat-fishing equipment or other valuables.

The San Carlos Marina Seca is very secure -- it is guarded 24 / 7 every day of the year and only authorized people can access the area, always accompanied by a guard.

Pez Vela Fishing Charters

scaamexico.com

San Carlos Aquatic Adventures / Team Margarita Sport Fishing is one-stop-shopping for sport fishing charters, kayaking, sailing, windsurfing and sunset and eco cruises!

For San Carlos sport fishing charters, it's hard to beat the Margarita IV -- a classic Bertram 25' Sportfisher that accomodates 4 fishermen that has been repowered with twin Volvo gas engines -- and the Margarita V, a Uniflite 28' sportfisher that accomodates 6 and has been repowered with twin Volvo diesels.

Both boats are fully equipped with modern electronics (GPS chartplotter, VHF radios, color CRT fishfinder) and top of the line fishing equipment (Penn International and Shimano Tiagra reels, quality rods, spectra fishing line).

SCAA also rents kayaks, hobie cats and other small sail boats, as well as windsurfing equipment, and offer guided kayak excursions -- like kayaking with dolphins in the bay! -- windsurfing lessons and custom designed tours of the Estero Soldado (the San Carlos estuary) where hundreds of bird species live!
